FREQUENTLY ASKED QUESTIONS

What is a local hospitality tax? The City of West Columbia City Council authorized the levy of a two percent (2%) local hospitality tax on prepared meals and/or beverages, inclusive of alcoholic beverages, beer and wine sold in establishments effective September 1, 2016.

Does the hospitality tax reduce my business earnings? No, the hospitality tax is similar to the state sales tax in that it is a pass through to the customer. As a business owner you will charge 2% for local hospitality taxes remitted to the City of West Columbia.

"Section 2. The tax imposed by this ordinance shall be collected from the customer when payment for meals or beverages is tendered and shall be held in trust for the benefit of the City until remitted...".

Please note: Hospitality taxes collected from patrons should not be used as operating income for the business.

Where does this tax money go? The city is required to deposit the funds into a local hospitality tax fund maintained separately from the general fund in accordance with state law. The city's use of hospitality tax funds is for tourism related activities and improvements.

What is the definition of an establishment responsible for local hospitality tax collections?

An establishment shall mean any business, private club, or non-profit institution other than a private club which has a fixed place of operations, or uses a mobile device on a regular basis, within the city and which from that location or device sells prepared meals and/or beverages inclusive of alcoholic beverages, beer, and wine, whether for on-premises consumption, take-out, or delivery. As used in this definition, non-profit institution shall include any medical, educational, or social service facility which makes the service of prepared meals and beverages available for sale to the public at-large on a regular basis.

Which business types are required to collect and remit this money to the city? Restaurants, bars and lounges, private clubs, hotels and motels, caterers, grocery stores, convenience stores (if they sell prepared or modified foods and/or beverages) and other food service establishments.

How will this tax be remitted to the City of West Columbia? The hospitality tax collected shall be remitted to the city on the reporting form provided in this packet. The forms must be postmarked by the 20th day of the month following the closing date of the period for which the tax payment is to be remitted. For example, taxes collected in September must be postmarked by October 20th.

The tax must be remitted:

- On a monthly basis when the estimated amount of tax is more than \$50.00 a month. The closing date is the last day of the month.
- On a quarterly basis when the estimated amount of tax is \$25.00 to \$50.00 per month. The closing dates are the last days of the months of March, June, September and December.
- On an annual basis when the estimated amount of average tax is less than \$25.00 a month. The closing date is the last day of December.
