

### ACCOMMODATIONS TAX GRANT OVERVIEW & GUIDELINES

FY 2022- 2023

Authorized under Chapter 4 of Title 6 of the South Carolina Code of Laws ("Code"), Accommodation Taxes are collected by lodging facilities (i.e., hotels, motels, etc.) from individuals who spend one or more nights in their facilities (also known as the "heads on beds" tax). These tourism-related funds must then be used to promote tourism and enlarge the economic benefits of the area through advertising, promotion, and providing those facilities and services that enhance the ability of the county or municipality to attract and provide for tourists. Collected funds are distributed to the respective counties and municipalities to determine the best use of these funds that meets the intent of the law. In the City of West Columbia, applications for funds from the Tourism-related Fund are submitted to the *West Columbia Accommodations Tax Advisory Committee* (**Committee**) for review. Eligible applicants include public and private not-for-profit organizations. The Committee will then make allocation recommendations to West Columbia City Council for final determination and approval.

#### What is the definition of a tourist?

Under Section 6-5-5 (a)(4), "travel" and "tourism" mean the action and activities of people taking trips outside their home communities for any purpose except daily commuting to and from work. Because there is no clear definition of "home community" within the Code, the Tourism Expenditure Review Committee (TERC), the state oversight committee for these funds, has adopted a guideline set by other travel industry entities that states that a tourist is generally one who travels in excess of 50 miles from home. However, TERC will review every event on a case-by-case basis to consider how the project or event increases visitors to the region and boosts the economy.

#### What type of project or event qualifies as a tourism-related expenditure?

The Committee looks to distinguish between events or activities designated for and attended primarily by those in the local community (not qualifying) from events that are designated for and attended primarily by non-residents who come from outside the local community, which generally means from outside a 50-mile radius (qualifying). To make a determination regarding the purpose or intent of an activity or event, the Committee looks to substantiate the promotional activities undertaken to bring non-residents into the area to attend the funded activity. *The promotional effort is a key indicator of the extent to which the purpose of the funded activity is to attract non-residents.* 

Certain tourism-related expenditures must be awarded on a "percentage of tourism" basis. Applicants must be able to substantiate how much of the total expenditure is related to tourism and must be able to provide the "percentage of tourism" to the total budget of the project.

#### Categories of Qualifying Expenditures (as applied to West Columbia):

Under the Code, in *order to qualify for a tourism-related expenditure*, the expenditure must (1) be used to attract or provide for tourists, and (2) cannot be used for an item that would normally need to be provided for by the municipality. There are five (5) categories of tourism-related expenditures applicable for the City of West Columbia:

- <u>Advertising & Promotion of Tourism</u> Under Code Section 6-4-10 (4)(b)(1), monies in the Tourism-related Fund can be used for advertising and the promotion of tourism to increase tourism in the municipality. <u>Qualifying expenditures would include monies spent on magazine, newspaper, web, radio or television advertising in an attempt to promote the municipality to tourists.</u> Qualifying expenditures also include monies spent to promote the municipality to entities that specialize in tourism, such as bus tour companies and travel agencies.
- <u>Arts & Cultural Events</u> Under Code Section 6-4-10 (4)(b)(2), monies in the Tourismrelated Fund can be used <u>for the promotion of</u> the arts and cultural events. Expenditures that can qualify include monies used for advertising or the promotion of a particular festival or arts/cultural event held in or near the municipality in an effort to attract tourists who will stay in hotels/motels, etc. within the city.
- <u>Facilities for Civic and Cultural Events</u> Under Code Section 6-4-10 (4)(b)(3), monies in the Tourism-related Fund can be used for the construction, maintenance and operation of facilities for cultural and civic activities, including construction and maintenance of access and other nearby roads and utilities for the facilities. Eligible expenditures can include the costs incurred in building a civic center, a museum or a coliseum. Funds may also be used for the continued operation of such facility including repairs, and management fees or salaries of those who work at the facility. Please note that the facility must enhance the ability of the municipality to attract and provide for tourists and <u>cannot provide a purely local function or benefit.</u>
- <u>Tourist Transportation</u> Under Code Section 6-4-10 (4)(b)(6), monies in the Tourismrelated Fund may be used for tourist shuttle transportation. Qualifying expenditures include any monies spent to provide public transportation to tourist, such as shuttle buses or trolleys. For example, shuttles to transport persons from the airport to hotels, or from the hotels to tourist attractions, or from conventions or tourist attractions to other tourist facilities would qualify.
- <u>Visitors Centers</u> Under Code Section 6-4-10 (4)(b)(8), monies in the Tourism-related Fund may be used for <u>operating visitor centers</u>. Expenditures that will qualify are any monies spent to operate and maintain centers whose primary purpose is to provide information, brochures, and other services to tourists.

#### Who is eligible to apply?

Eligible applicants include public and private **non-profit** organizations. No grant can be made to a private **for-profit** organization to be expended by the organization for its own event. Also, grants will not be made to non-profit organizations for projects which will primarily benefit one or a very few persons, or an exclusive group of for-profit organizations.

### Can Tourism-related Funds be used to support local art or music programs such as Jazz in the Schools, which improve the cultural climate of the municipality?

**NO.** While such art programs are educational and promote culture, they do not enhance the ability of the municipality to attract and provide for tourists. These types of programs primarily benefit the local population by exposing them to new experiences; however, tourists rarely participate or experience the benefits of these programs.

# Can Tourism-related Funds be used for local transportation for senior citizens' programs, or programs related to drug abuse, AIDS awareness or similar programs that would benefit residents?

**NO.** While such programs do benefit the local community, they do not fit into any of the categories of tourism-related expenditures, and they do not attract or promote tourism within the municipality. However, to the extent that a particular program is primarily designed to serve tourists, the program could be eligible as a tourism-related expenditure. For example, senior citizens transportation for elderly tourists may qualify as a tourism-related expenditure.

### Can Tourism-related Funds be used to fund billboards or advertising relating to anniversaries or other non-tourist related promotions for schools, colleges, universities or municipalities?

As a general rule, NO. However, if the billboard was designed to advertise the area and attract tourists to the municipality, then the expenditure may qualify. For example, a billboard that reads "Come see West Columbia and celebrate our 130<sup>th</sup> Anniversary," and lists events to be held celebrating the anniversary, would qualify. A billboard recognizing the anniversary of a private high school would not.

### Can Tourism-related Funds be used for travel and lodging expenses of local high school bands in such events as the Macy's Thanksgiving Day parade?

**NO.** These events do not serve to attract tourists to the band's municipality; rather they only serve to attract tourists to the locality where such event is being held.

## Can Tourism-related Funds be used to fund scholarships offered by a sporting or other type of similar event, which otherwise qualifies for Tourism-related Funds for promoting its events?

**NO.** The scholarships do not qualify as a tourism-related expenditure under the Code.

#### May a municipality use Tourism-related Funds for beautification projects?

It depends on two factors: (1) is the project designed to attract or provide for tourists? and (2) is the beautification a service that would normally be provided by the municipality? For example, a beautification project around municipal buildings is a service that is normally provided by the municipality and would not qualify. However, the creation of a public garden, such as Edisto Gardens in Orangeburg or Brookgreen Gardens in Horry County, is the creation of a destination tourist facility and would qualify for tourism-related funds, provided that such location was designed to attract tourists or enhance the ability of the municipality to attract tourists.
